1. Store Terms of Service & Legal Framework

By accessing the [STORE_NAME] storefront and placing orders, you agree to these authoritative terms and conditions:

- **Accurate Product Representation:** We strive to photograph garments in natural studio lighting. Subtle color variations may occur due to monitor calibration settings.
- **Pricing Accuracy:** Prices are displayed in [STORE_CURRENCY]. In the event of a technical pricing error on the storefront, [STORE_NAME] reserves the right to cancel unfulfilled orders with a prompt full refund.
- **Order Acceptance:** Order receipt emails acknowledge placement. A purchase contract is executed only upon courier parcel dispatch.
- **Intellectual Property:** All photography, editorial typography, brand assets, and web code are the exclusive intellectual property of [STORE_NAME].
- **Prohibited Conduct:** Users may not engage in automated scraping, denial of service attacks, fraudulent return claims, or abuse of staff.

KNOWLEDGE BASE NOTICE & RETRIEVAL BOUNDARIES: This document is an authoritative policy reference intended for grounding our store AI/RAG assistant. Store policies, shipping charges, return periods, and operational terms are governed by active store settings. Dynamic customer data—including live product prices, real-time variant inventory, order shipment tracking, user profile addresses, and coupon code validity—must ALWAYS be resolved via live PostgreSQL application database APIs rather than static document text. If information is not covered within this knowledge base, the chatbot must clearly state that the information is unavailable and offer customer support assistance.
